Hi, Edgar-

Dropbox link to files:
https://www.dropbox.com/scl/fo/dttx3bsii5xj4tq7n2lox/h?dl=0&rlkey=9o3aatncm8kzfwe0fpjhfck42

I have approval from the reporter on Scenes #1 and #2, so I'm sending over the notes and PSD layer files.

Scene 1 (Establishing scene and "River Miner" character panning for "gold-pan sediment")

A) Wide establishing shot of the miners working at the river.

Animation:
Simple, medium speed, camera pan from the left side to the right, stopping at the blue shirt "River Miner" character working in the river.

B) Close up of blue shirt "River Miner" sifting for gold pan sediment.

Animation:
-The "River Miner's" arms gently moving side to side, in a shaking motion.
-The amount of water falling into the yellow tub on the ground would decrease as it empties out.

C) Cuts to close up "River miner's" hands and green pan

Animation:
-Hands gently shaking green pan side to side as last of water is removed
-Remaining water is poured out

D) Close up of "River Miner's" hand and green pan

Animation:
- Hand gently moving side to side in the small amouint of seditment in the tub.
- The amount of sediment decreases as the hand sifts through it.

Scene 2 (Detail shot of green tub with "gold-pan" sediment)

A) Static close up of the gold pan sediment left in the green tub

Animation:
-Some Sparkle effect on gold pan sediment.
